Aloha!

This guide serves to assist travelers with disabilities and health conditions by providing information about the accessibility of Hawaii's airports and transportation systems. Also included is a list of medical supply companies and support services. Please make direct contact with any of the businesses or services in this guide to obtain additional information. The County of Maui consists of three islands, the Islands of Maui, Molokai and Lanai. The Island of Maui is the largest of these three islands with the largest population and infrastructure, with the city of Kahului being the county seat. The Islands of Molokai and Lanai are much smaller in size and population, and therefore services and resources are limited on these two islands.
